

PHA must inspect the proposed substitute unit and must determine the reasonable rent for such unit.

(b) *Amendment to add contract units.* At the discretion of the PHA, and provided that the total number of units in a building that will receive PBV assistance or other project-based assistance will not exceed 25 percent of the number of dwelling units (assisted or unassisted) in the building or the 20 percent of authorized budget authority as provided in § 983.6, a HAP contract may be amended during the three-year period immediately following the execution date of the HAP contract to add additional PBV contract units in the same building. An amendment to the HAP contract is subject to all PBV requirements (e.g., rents are reasonable), except that a new PBV request for proposals is not required. The anniversary and expiration dates of the HAP contract for the additional units must be the same as the anniversary and expiration dates of the HAP contract term for the PBV units originally placed under HAP contract.

(c) *Staged completion of contract units.* Even if contract units are placed under the HAP contract in stages commencing on different dates, there is a single annual anniversary for all contract units under the HAP contract. The annual anniversary for all contract units is the annual anniversary date for the first contract units placed under the HAP contract. The expiration of the HAP contract for all the contract units completed in stages must be concurrent with the end of the HAP contract term for the units originally placed under HAP contract.

§ 983.207 Condition of contract units.

(a) *Owner maintenance and operation.*

(1) The owner must maintain and operate the contract units and premises in accordance with the HQS, including performance of ordinary and extraordinary maintenance.

(2) The owner must provide all the services, maintenance, equipment, and utilities specified in the HAP contract with the PHA and in the lease with each assisted family.

(3) At the discretion of the PHA, the HAP contract may also require continuing owner compliance during the

HAP term with additional housing quality requirements specified by the PHA (in addition to, but not in place of, compliance with the HUD-prescribed HQS). Such additional requirements may be designed to assure continued compliance with any design, architecture, or quality requirement specified in the Agreement.

(b) *Remedies for HQS violation.* (1) The PHA must vigorously enforce the owner's obligation to maintain contract units in accordance with the HQS. The PHA may not make any HAP payment to the owner for a contract unit covering any period during which the contract unit does not comply with the HQS.

(2) If the PHA determines that a contract unit is not in accordance with the housing quality standards (or other HAP contract requirement), the PHA may exercise any of its remedies under the HAP contract for all or any contract units. Such remedies include termination of housing assistance payments, abatement or reduction of housing assistance payments, reduction of contract units, and termination of the HAP contract.

(c) *Maintenance and replacement—Owner's standard practice.* Maintenance and replacement (including redecoration) must be in accordance with the standard practice for the building concerned as established by the owner.

§ 983.208 Owner responsibilities.

The owner is responsible for performing all of the owner responsibilities under the Agreement and the HAP contract. 24 CFR 982.452 (Owner responsibilities) applies.

§ 983.209 Owner certification.

By execution of the HAP contract, the owner certifies that at such execution and at all times during the term of the HAP contract:

(a) All contract units are in good and tenantable condition. The owner is maintaining the premises and all contract units in accordance with the HQS.

(b) The owner is providing all the services, maintenance, equipment, and utilities as agreed to under the HAP contract and the leases with assisted families.
